FPAM Honours 135 New Graduates at CFP® Certification Graduation Ceremony

Petaling Jaya, Malaysia – 27 October 2025 - The Financial Planning Association of Malaysia (FPAM) celebrated 135 new graduates at a graduation ceremony held on 25 October 2025, celebrating their successful completion of the CFP Certification Modules.

The CFP Certification Graduation Ceremony 2025 brought together graduates from the September 2024, December 2024, March 2025, and June 2025 cohorts. The event was attended by 115 guests, including nine FPAM Board of Governors members, education providers, and family members of the graduates.

In his welcome address, FPAM President Mr Alvin Tan highlighted the significance of the CFP certification in today's dynamic economic environment. "Your dedication through rigorous study and examination demonstrates the commitment our industry values. The CFP certification you receive represents comprehensive expertise in financial planning principles and a commitment to ethical practice," said Mr Alvin Tan.

The ceremony recognised new graduates from diverse backgrounds, including banking, insurance, wealth management, estate planning, financial planning, and financial advisory services, who will join a global community committed to upholding the highest standards of financial planning practice.

The ceremony also celebrated education providers whose students achieved top scorer awards in their respective cohorts, with Excellence in CFP Education Awards 2024 presented to Tunku Abdul Rahman University of Management and Technology (Penang and Kuala Lumpur campuses), Victoria University at Sunway College Campus, and Max Wealth Education Sdn Bhd.

The CFP certification is recognised globally as the gold standard in financial planning, requiring candidates to demonstrate expertise across comprehensive financial planning areas, including investment planning, retirement planning, tax planning, estate planning, insurance, and risk management.

FPAM remains committed to supporting the newly certified graduates through continuing education programmes, networking opportunities, and professional resources to ensure they remain current with industry developments and best practices.
